MOS Annual Meeting Golf Outing

Dear Members, Exhibitors and Guests;

We will once again get the opportunity to enjoy the beautiful Mackinac Island facilities and views for this years' MOS Annual Event, Saturday June 19th, 12:45 PM. This tournament features the Peoria Handicap System that handicaps the course to the golfer's ability depending on how each of us will fare on selected holes. This format allows a fair chance for everyone to compete for prizes and awards regardless of ability.

As in the past, we will recognize the low gross score as well as the first, second and third low net scores. There will be longest drive for both men and women, closest to the pins and longest putts as well. **This will be a nine-hole shotgun event starting at 12:45pm.** Winners and door prizes will be presented their awards at the President's Reception Saturday evening which is always a great time for all.

To secure your reservations with credit card please call the golf course directly after 5/1/10. Prepayment is essential for a shotgun start to get off on time. Please fax your name or groups names to my office to reserve your spot/s. Please include all the golfers' names and contact information. If you are a single or less than a complete 4 some I will slot the players in prior to the start of the tournament. Should rain wash out the event, naturally there will be no charges. If incimate weather hits us while on the course, rain checks will be issued as standard procedure.

I hope you will all feel welcome to enjoy this beautiful opportunity (for spouses and children as well) that is open to all and fun for all levels of play.

We look forward to seeing you again at the Grand Hotel!
